

Shila's Handpicked Collaborations

We hope you will enjoy our range of hand-picked products, made with love by passionate products in their respective field.

BELIEVE IN COFFEE

Our coffee beans come from the El Palto cooperative in the Amazonas region of Northern Peru. There, 1,700 meters above sea level, all eight brothers of the Carranza family are led by their father in the harvest of this special coffee.

It is through collaboration with ANANA COFFEE, an Athens-based brand on a mission to share some of the world's finest single-origin coffees, that we bring this taste to you.

Each selected origin scores over 84 out of 100 at the official Specialty Coffee Association of America Cupping Form.

HEATHER HONEY

Inspired by Greece heritage, our journey revolves around discovering and sharing quality products, made with soul.

Born and raised on the magical island of Tinos, Michalis Xanthakis began to deal passionately with honey production in 2004.

His artisan heather honey, known for its antioxidant properties, derives from the autumn blooming native Reiki or heather flower. Exceptional and rare for its rich colour, alluring aroma and soft texture.

We hope that you will enjoy it as much as we do.

AEGLI LAVENDER & BASIL FOR SHILA

Inspired by Greek nature and Mediterranean biodiversity, we collaborated with AEGLI-PREMIUM ORGANICS to create a personalized body care range exclusive to Shila.

Encapsulating the softness of Mediterranean lavender and the fresh-ness of Greek basil, these four natural products gently treat your skin. Blending in harmoniously are natural Eucalyptus, Anise and Tonka Bean aromas, giving the range a uniquely stimulating, euphoric scent. All products are dermatologically tested, contain no synthetic fragrances or genetically modified ingredients, and are free from animal testing. VEGAN FRIENDLY, GLUTEN FREE, PREGNANCY APPROVED.

CANDIA HAND MADE MATTRESS

The healing properties of olive oil are deeply rooted in the history of the Mediterranean, and to this day continue to form the foundation of many of our proudest exports.

Candia's pioneering handmade mattresses are a standout example. The only company that processes its fabrics with olive oil, Candia uses the finest raw materials and time-honored techniques to bring you a 100% natural mattress free from glue or chemical substitutes. With thousands of springs to fit the shape of every body, Candia mattresses welcome you into nights of uniquely restorative sleep.

AION VINTAGE CARPETS

We fell in love with AION's extraordinary handmade vintage carpets, counting over 60 years of history. Of the highest quality, these carpets have been treated with modern techniques such as overdyed elaborations and artistic interventions, where traditional pieces are transformed into contemporary works of art. You can browse the catalogue with the entire selection in the SHOP section of the iPad menu.

LINEN & TOWELS

For your sheets and towels we invited leading Greek linen company ANEMOS to create a timeless line reminiscent of old Athenian charm. ANEMOS has been designing and producing its collections since 1996, selecting the best raw materials from Greece to bring you 100% cotton textiles and towels for your stay.
